LEGO and Tech Club
Tuesdays after school until 4:30
Mr. Westly's Number **(386) 401-4971**
<u>**Pick Up by old Gym NOT in front of school**</u>

LEGO Club 3rd-6th Grade

Lego club will meet weekly to work on LEGO build
challenges. Most builds will be team efforts where each
member will be responsible to complete a particular
design challenge. The Club will also participate in the
Parade of Homes Brick Builders Challenge where
students start a mock company and design a model
home using Legos. Students who join will be expected to participate in the assigned team build
challenges. Be ready to work hard, cooperate with other builders, and contribute to creative
builds.

Tech Club 4th-6th Grade

This is a project based club. A tech club student is self motivated, willing to work with other like
minded students, and responsible. Tech club is going to be focused on coding, engineering and
Audio Video. Students will have access to Audio Video equipment, robots, and macbook pros
for coding.

Club Rules and Expectations
Work well with others
Clean up your mess
Respect the teacher, the lab, and equipment
Participate in assigned projects

Name:	(circle one) Lego Club or Tech Club
Grade:	Teacher:
Parent/Guardian:	Phone:

I understand that if I am more than 5 minutes late on multiple occasions that my child will be
excluded from the club and a single excessively late pick up will result in my child being
excluded from the club. If I am going to be beyond five minutes late, I will contact the teacher via
phone call or text.
